*play and recreation surfaces*

POURED IN PLACE  
SURFACES WITH

**ABILITY**

**DUR-ABILITY**

lasts more than 10 years

**SUIT-ABILITY**

best for the application

**ACCESS-ABILITY**

easily traversed

**PERME-ABILITY**

drains water

**MAINTAIN-ABILITY**

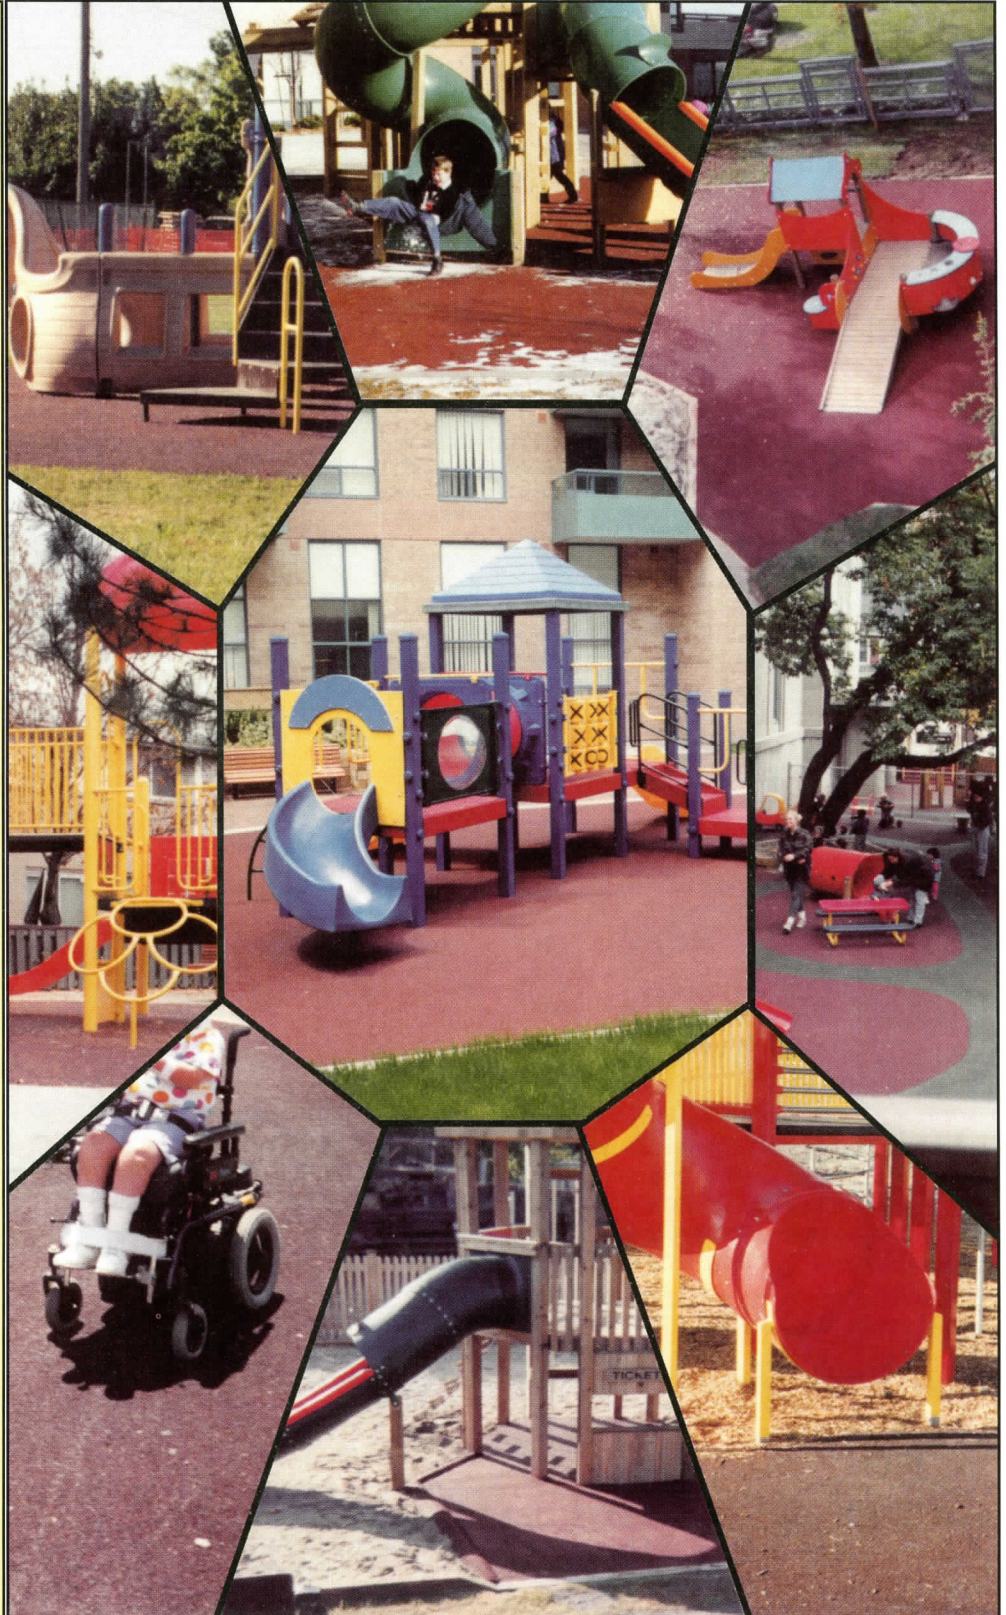

easily cleaned

**AFFORD-ABILITY**

long-term value

**FLEX-ABILITY**

resilient & slip resistant

# EVERPLAY™ SURFACE SELECTION

Everplay is well established with over 450,000 square feet of Everplay surfaces installed since 1984.

## "Poured in Place" (in situ)

The EVERPLAY is installed to the performance of  $G_{max} \leq 160$  and  $HIC \leq 950$  for fall heights 3' to 11' when tested with a Triaxial hemispherical headform.

**Thickness** varies as determined by the maximum accessible height of the structure as defined by CSA Z614

## QUALITY CONTROL & ASSURANCE

- As industry leaders, EVERPLAY is committed not only to meet but to exceed standards and demonstrate our leadership with another first - on site testing.
- All EVERPLAY surfaces are tested on site between 10 and 25 days of installation with a Triaxial portable freefall testing apparatus and again within 3 years to confirm compliance to ASTM F1292 performance requirements on maintained EVERPLAY.
- Test results are submitted to the client ensuring conformity to standards and specifications.

## Special Colours and Textures Available

Due to printing process limitations, the colours shown may vary slightly from actual hues.

## Installation Specifications and Instructions

- Installation specifications are available from EVERPLAY.
- EVERPLAY "Poured in Place" is only installed by authorized installers.
- UV resistant, coloured polyurethane lacquers available.
- Artificial turf and indoor/outdoor carpet available.
- Designs and specifications conform to CSA, ASTM and CPSC standards.

\*Tested in accordance with ASTM F1292 at -1°C, 23°C and 50°C and all results were under 200 'g' and/or 1000 HIC for the given fall height.

EVERPLAY IS A REGISTERED TRADE MARK OF EVERPLAY INTERNATIONAL INC.
